MIDDLEBURG.

Henry McAninch bought a buggy mure of R. B. Young for \$175. The Sunday school teachers will hold their meeting with Prof. J. S. Lawhorn Friday night.

Rev. J. S. Taylor filled the Methodist pulpit Sunday in the absence of Rev. Hunt, the pastor, who was at Bruce's Chapel holding quarterly meeting.

A warrant for the arrest of one Sarah Wall, charging her with threatening to do violence to person and property, was issued and an effort will be made to have her give bond for good behavior.

Rev. W. J. Taylor, of the Bible College, Lexington, will likely be called to the pastorate of the Christian church at Yosemite. Bro. Taylor is an Australian and preaches well for the very short time he has been in the business.

Great preparation is being made for the school entertainment here on the night of the 21st. Mrs. Laura Lee and daughter, Miss Bessie, have worked hard in getting it up and it is hoped that success will crown their efforts.

This is general closing week for the schools in this county. Miss Bettie Royalty at Carpenter's Creek, Miss Lula Adams at Turkey Knob, Miss Willie Fogle at Ellsburg, Misses Mary Bryant and Etta Gifford at Peak, and Miss Stella Compton at Lantham's, will close this week and these young ladies will spend the holidays at their homes here.

Henry McAninch has returned from the Jamestown Exposition, where he had a position in the admission department. Wm. Miller, who has been in feeble health for some weeks, is still unable to come to town. Wallace Hunsford and wife and George and Welby, his brothers, were here Monday to see William Hunsford, their father, who is sick. Ernest and Preston Miller and Frank Lee, who were powder burned some two weeks ago, have recovered and are able to attend school again.

When to Go Home.

From the Bluffton, Ind., Banner: "When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best, go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." "To which we would add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain." For sale by all druggists.

Every little whippersnapper, whether of the press or people who wants honorable (?) and conspicuous mention, will now wait to the front and viciously attack ex-Governor Beckham or his administration—The Courier Journal and the Louisville Times will do the rest. But mark you, and mind you! The moons are not many when these mouthing groundlings will be a cipher with the ring rubbed out. There is ever and always a day of retribution for the false and the malicious.—Somerset Journal.

A Home Made Happy by Chamberlain's Cough Remedy.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spence, Holly Springs, N. C. For sale by all druggists.

Wife—Haven't you any change about you?

Husband—No, my dear. This morning the president of my bank borrowed my last quarter.—Life.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are providing to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by Penny's Drug Store.

It is a remarkable fact that the sun hasn't shone on our old Kentucky home since Gov. Willson took hold of the reins of government. Can it be that Old Sol is as sorry to see him as the Democrats?—Frankfort Journal.

For any of the ordinary diseases of the skin Chamberlain's Salve is excellent. It not only allays the itching and smarting but effects a cure. For sale by all druggists.

BRODHEAD.

Banker H. H. Hutchison and wife were in Louisville this week.

The meeting at the Methodist church has been deferred indefinitely, owing to illness of Rev. Carter's daughter.

Rev. A. J. Pike preached an excellent sermon at the Baptist church Sunday night. A good crowd was present.

Our merchants are making a fine display of Christmas goods, each trying to excel the other. It would be hard to decide who has the best.

Several land buyers are in our midst and real estate transfers are expected to take place soon. The price of land in this county is increasing rapidly.

The Christian church Sunday school will have a Christmas tree at the church Tuesday evening. We understand steps are being taken to make it a union affair, which we think would be best.

The ladies of the Baptist church will give a "pie supper" Christmas night. The most popular young man present will be given a large pie and the most popular young lady a nice cake. The proceeds of the supper are for the benefit of the church. Everybody cordially invited. A good time contemplated.

Should a stranger come into our midst and see the condition of our county roads just now, the first thought would be that not much work was done last fall, but there was a good deal of it, though not the right kind. In some places ditches were cleaned out and the dirt piled in the middle of the road, and now there is no bottom to it. In other places ditches were not properly opened and water is allowed to stand in them. Now we know of no community that has better and handier material for making good roads than ours and we think the citizens should take a little more pride in making and keeping up good roads. Our county officials, or those whose duty it is, should look after the matter a little closer. There is no doubt that good roads help to increase the value of land. "Wake up, why sleepest thou!"

FLATWOOD.

Rev. A. C. Baird filled his appointment at Good Hope Saturday and Sunday.

S. L. Baird has bought a half interest in W. H. Furr's general store and the firm name will be Baird & Furr.

Myatt Huston, little son of Mr. and Mrs. W. H. Furr, has been quite sick with measles but has about recovered.

We were about to report a wedding, but for fear we might get mixed up we will wait until a later date to make the announcement.

James Coldiron and family have moved from our community to Oneda, Clay county. We regret very much to give them up, but what is our loss is another community's gain.

News comes from Carrollton, Ill., that Mr. and Mrs. N. L. McQuerry are rejoicing over the arrival of a son. The mother was Miss Sallie McQuerry, of this place, and a popular school teacher.

The last session of the Garrard county grand jury got in some very effective work for this end of the county. It is hoped that it may do much toward breaking up the blind tigers and other places of bad repute.

Menefee McQuerry, who was badly cut by Clinton Ross two weeks ago, is reported doing well. Miss Zilla Archer has been quite sick but is improving. Rev. Marce, of Whitley county, and Rev. J. B. Parks and wife were guests at Rev. Baird's.

Last Saturday the church at Good Hope called Rev. A. C. Baird to be their pastor for the year 1908. Rev. Baird has been pastor of that church for the last two years and has labored faithfully in the Master's vineyard and we are glad to have him with us for another year.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung trouble, by Penny's Drug Store 50c. and \$1. Trial bottle free.

It is estimated that people in Chicago spend \$300,000 a year in keeping their shoes polished. Of this amount profits are said to be \$100,000.

A Dangerous Deadlock.

that sometimes terminates fatally, is the stoppage of liver and bowel functions. To quickly end this condition without disagreeable sensations, Dr. King's New Life Pills should always be your remedy. Guaranteed satisfactory in every case or money back. at Penny's Drug Store. 25c.

Ethan Owen, of Murray, was arrested at that place on the charge of attempted arson, in connection with the effort to burn two tobacco warehouses there. Rumors were current that \$100 had been offered for the destruction of the warehouses, but detectives who worked on the case are reticent, and the examination was private.

At the close of six hours' testimony in his own behalf Caleb Powers said that the rifle with which Goebel had been assassinated had been found and was in possession of the defense. An effort will be made to trace the weapon directly to Henry E. Youtsey. Powers denied all of the damaging statements made by the Commonwealth's witnesses.

After receiving a report from Adj. Gen. P. P. Johnston, Gov. Willson ordered one company of the First Kentucky to Hopkinsville to relieve the soldiers now on duty there. Gen. Johnston, in his report, said that Hopkinsville was in a pitiful state of demoralization, and the presence of the militia was absolutely necessary. He said there were good reasons to believe that if the militia were withdrawn a second attack on Hopkinsville would be made.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation, even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Always demand Dr. Shoop's Cough Cure. Sold by Penny's Drug Store.

THAT'S ALL.

The children watch
The days go by,
And watch the one
Big day draw nigh;
That day—the one day
Of the year,
When stockings filled
Up pretty near
To bursting
Hang down in a row;
All in the early
Christmas glow;
Sister has won—
Drows things in hers,
Silks, laces, candy,
Coats, and furs;
In his the boy
Gets guns for wars,
And whittled soldiers,
Ships and tars;
And ma gets—well,
When mamma seeks
What she has hinted
For six weeks
She gets it; see?
Thus Christmas goes,
With lines of bulging,
Joyful hose,
Pa's stocking? It
Don't bulge a bit;
Pa simply gets
His foot in it.

Democratic Ticket.

For United States Senator,
J. C. W. BECKHAM.

FIVE thousand Pittsburg couples may have to be married over again, if a statement made by Judge Disney Rodgers, of Youngstown, O., before a woman's club in that city, is true. According to Judge Rodgers, who is presiding Judge of the Common Pleas Court of Mahoning county, in which Youngstown is situated, every couple that has eloped from Pittsburg to Youngstown to be married are not legally married at all. He declares that the law in Ohio is very explicit in stating that the woman must be a resident of the county in which the ceremony takes place, and that merely coming to the city for a few hours does not make the woman a resident. The statement of the Judge has created all kinds of excitement in Pittsburg. In the last five years fully 5,000 couples have eloped to Youngstown and Steubenville from Pittsburg. Among them were Fred C. Fairbanks, a son of the Vice President, and Miss Helen E. Scott, who went to Steubenville and were married.

KENTUCKY'S Senators fairly fired on the committees. Senator McCreary gets the chairmanship of Military Affairs, and is second on the Pensions Committee, etc., Senator Paynter is chairman of Privileges and Elections, is on Claims, District of Columbia, Immigration and Indian Affairs.

THE editor of this paper sympathizes with Hon. Henry Watterson, of the Courier-Journal, in the loss of his daughter, Mrs. Alexander Gilmour, of Louisville. Death came after an illness of only a few days.

A KENTON county man tried to help the prohibitionists get rid of the liquor supply by drinking five gallons in a week, but the coroner's jury decided that it is dangerous to be so enthusiastic.

THE chances of Gov. Beckham's election as U. S. Senator grow better as the time draws nearer. It looks now as if there will not be a dissenting voice on the democratic side of the House. And there shouldn't be.

A Tribute From Col. T. P. Hill, His Neighbor and Friend, to the Late F. S. McClary.

I desire to supplement what you have so well said about Mr. F. S. McClary in the last issue of the I. J. From my observation of his conduct from early boyhood until his death, I can truthfully say that his conduct in every respect has been the most exceptionally fine I have ever known in any young man. At 16 years of age, by the death of his father the burden was cast upon him for the support, protection and care of a helpless mother and three sisters. To the accomplishment of this task he brought a degree of energy, heroism and business skill that would have been creditable to a man of mature years and trained business habits, and performed this duty until his mother's death. He was a kind, obedient, affectionate son and brother and husband. Just in all of his dealings, kind and thoughtful in all of his utterances. So fine, indeed, was his character for honesty, punctuality, veracity and business skill that hardly had he arrived at young manhood when Samuel H. Baughman discovered these noble qualities of the boy and proposed to and did loan him money to set him up in the mercantile business here. His success in the business in conjunction with his partner has been remarkable and the standing of the firm with the wholesale merchants is as good as any firm in Central Kentucky. He added to the virtues of a perfectly moral man the rare virtues of a christian. With faith in God, faith in man and faith in himself he went to the work of his life full of good cheer, confidence and hope, and performed his duty in a truly heroic manner. In the article of death he was the same confident, hopeful, faithful and noble young man. A few hours before his death, true to his noble character he sent for his benefactor, S. H. Baughman, to thank him for the kindness and confidence which prompted him in the assistance rendered, and did so in terms the most affectionate and tender possible, thus showing a degree of gratitude so remarkable as not to be forgotten in the very article of death. And so strong were his religious convictions and so intense was he in his relations that he begged them to meet in him the great beyond.

I take great pleasure in paying this tribute to the character of so noble and heroic a young man. T. P. HILL.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden, very little heart, that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

Dr. Shoop's Restorative Heartburn Comes From the Stomach

The heart is an organ that people are not inclined to trifle with, but a person may have fluttering of the heart, heartburn and similar troubles and yet have a perfectly sound heart. Nine times out of ten the disorder comes from the stomach through dyspepsia, constipation or some other digestive ailment.

So instead of taking "heart cures" or other such things that contain stimulants and narcotics, take a harmless but effective remedy like Dr. Caldwell's Syrup Pepsin which will correct the digestive disorder and in this way cure the supposed heart trouble. The remedy is gentle in its action, and you can obtain it of any druggist in 50 cent and \$1 bottles. As there are about 150 doses to the latter the cure will cost you but a few cents.

The experience of Mrs. Knight, of Bellevue, Tenn., in this regard should be of interest to all who suffer from heartburn, etc. She writes that for five years she suffered from indigestion and constipation, from fainting spells, fluttering at the heart and heartburn. She couldn't eat meat or anything seasoned with meat. Dr. Caldwell's Syrup Pepsin was recommended to her and after a few doses the indigestion and constipation was relieved and the fainting spells and heart trouble soon disappeared. She took a dose of the remedy after eating and now never feels any ill effects no matter what she eats. It would be well for those who suffer in this way to do as she did and be cured.

There is no question that Dr. Caldwell's Syrup Pepsin is the best tonic laxative and digestant at the disposal of the American people. It is gentle in action and pleasant in taste. It never gripes. It is the ideal remedy for stomach, liver and bowel complaints, and owing to its gentle action it is especially to be recommended to children, women and others who cannot stand the violence and griping of salts, purgatives and cathartic tablets.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. They offer to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Guaranteed not effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC REMEDY: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." FOREST MCCLARY, one of Stanford's most popular young business men, died Saturday afternoon with typhoid fever. The deceased was married a short time ago to Miss Katherine Baughman, who is well known in Danville society, where she frequently visited. Mr. and Mrs. Ike Dann, Mr. Walter Dunn and Miss Mary Dunn were among the Danville relatives who attended the funeral services at Stanford this afternoon. Besides his wife the deceased leaves two small daughters to mourn his loss. Mr. McClary had been a member of the Baptist church from childhood and was an exemplary young man in every respect. - Advocate.

BURNED TO DEATH. - Sam Moore, aged 22, son of Mr. Hal Moore, burned to death in his home on Water Works street at midnight Tuesday. The house, belonging to Mrs. Mary Warren, also burned. Mr. Moore returned from work at a late hour and on entering his home lighted a coal oil stove and retired. The stove evidently exploded and he was overcome by the fumes. In his effort to get out of the house he wandered to another room where his parched body was found after the flames had subsided. Lindsey Stephenson, colored, was not far away and he heard the explosion. As soon as he located it he went to the Moore home and aroused the occupants, or the father and sisters too might have met death in the flames. Very little of the furniture was saved and the loss falls heavily on both the Moores and Mrs. Warren. The fire company responded but arrived too late to do any good. Mr. Moore was a quiet, honorable and industrious young man, and it is indeed sad that he should meet such a tragic end. He helped largely toward the support of the family and was exceedingly kind and thoughtful of his motherless sisters. Much sympathy is felt for them and the father in their great loss. The burial occurred in Buffalo Springs Cemetery at 10 o'clock yesterday morning, after short services at the grave by Rev. J. Murray Taylor.

IF there has been any effort made to ascertain the cause of the several cases of typhoid fever in Stanford, we have not heard of it. It behooves the council to look into the matter at once. A committee of three physicians, to be paid by the city, might find the trouble without much cost and thereby stop a further spread of the horrible disease. Let some action be taken at once.

Here's Good Advice.

C. S. Woolver, one of the best known merchants of Le Raysville, N. Y., says: "If you are ever troubled with piles, apply Bucklen's Arnica Salve. It cured me of them for good 20 years ago." Cures every sore wound, burn or abrasion. 25c at Penny's Drug Store.

The citizens of Hopkinsville and Christian county have formed a secret Law and Order League for the purpose of restoring and maintaining peace. It is announced that officers who fail to execute the laws will have to go.

The Kentucky Court of Appeals, in a Louisville case, decided that a dog may not be buried in a cemetery set aside for persons and ordered the removal of a dog buried in Cave Hill cemetery in Louisville.

Information sufficient to convict many men who were in the party which raided Hopkinsville is said by the State fire marshal to be available if a special grand jury can be secured to return indictments.

Children's Home Society In Need Of Funds.

The Kentucky Children's Home Society is again compelled to appeal to the public for financial help. The financial conditions that have existed for the past few months, coming as it did at a season of the year when the work of the society is at its most arduous and expensive stage, has seriously handicapped the work. Solicitors who have, under normal conditions, been able to supply the needed funds, have found it worse than useless to appeal for funds in the field, hence the treasury of the institution is depleted. The work is of such nature that it cannot be permitted to cease or to lag. The winter season forces the dependent children of Kentucky into the hands of charity, and from every quarter of the State comes the demand for the society to take into its care the destitute, dependent children. Other classes of business—a manufactory, a mercantile enterprise, or other line of business may govern itself according to conditions—even to a suspension or curtailment of activity, but the work of the Children's Home Society, upon which so much depends for the suffering, helpless children it is different. The society has labored incessantly to interest county officials all over Kentucky in placing each county's pauper children in the care of the institution, and now, since the panic is upon the country, the society finds itself hard pressed to fulfill its mission.

These conditions were not foreseen and could not be escaped, and since they are upon us some means must be found to tide the work of the society over the crisis. Only in dire extremity does the Kentucky Children's Home Society make such an appeal for help as it is now compelled to make. The work cannot be permitted to lag. The generous public of Louisville and of the State has always come to the rescue, and will do so again, if apprised of the deplorable fact that without immediate help not only the work will suffer irreparable injury, but the hundreds of helpless little ones who are clamoring for admission to the care of the home will suffer piteously.

Therefore this appeal is urged upon everyone who realizes the extent and necessity of this philanthropic work. It is urged upon every citizen of Kentucky whose heart goes out to the helpless children of the Commonwealth, and it is a plea for aid at once. Every sectarian institution with headquarters in Louisville and at other points of the State have enjoyed a bounty from some source—bequests, benefits and concerted efforts of organizations, while the Kentucky Children's Home Society, with its vast task before it, has not been so fortunate. It has been nearly four years since it was compelled to beg of the public to come to its rescue and it only does so now because there is no other alternative.

Those who have the Vandyke spirit of Christmas can cast their bread upon the waters by helping this worthy cause. Those who prefer can leave their subscriptions with Mrs. L. M. Goodnight, who will cheerfully forward it.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me: one said heart disease, two called it kidney trouble; the fourth blood poison, and the fifth stomach and liver trouble; but none of them helped me: so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaints, by Penny's Drug Store 50c.

As a horrible climax to sundry family quarrels, Ida Holland shot her husband, Ben Holland, through the heart at Fulton, killing him instantly. Returning home from his day's work, Holland started a struggle with his wife, when she seized a .38-caliber revolver and fired with the fatal result.

Passed Examination Successfully.

James Donahue, New Britain Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures back-ache and all forms of kidney and bladder trouble. G. L. Penny.

L. F. Parker, general solicitor of the St. Louis and San Francisco railroad, was found dead in the bathtub at his home in St. Louis.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. You don't have to boil it 20 or 30 minutes. "Made in a minute" says the doctor. "Health Coffee" is really the closest Coffee imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee imitation is made from pure toasted cereals or grain, with malt, nuts, etc. Really it would fool an expert - were he to unknowingly drink it for Coffee. Sold at Penny's Drug Store.
